

Breast Cancer self examination

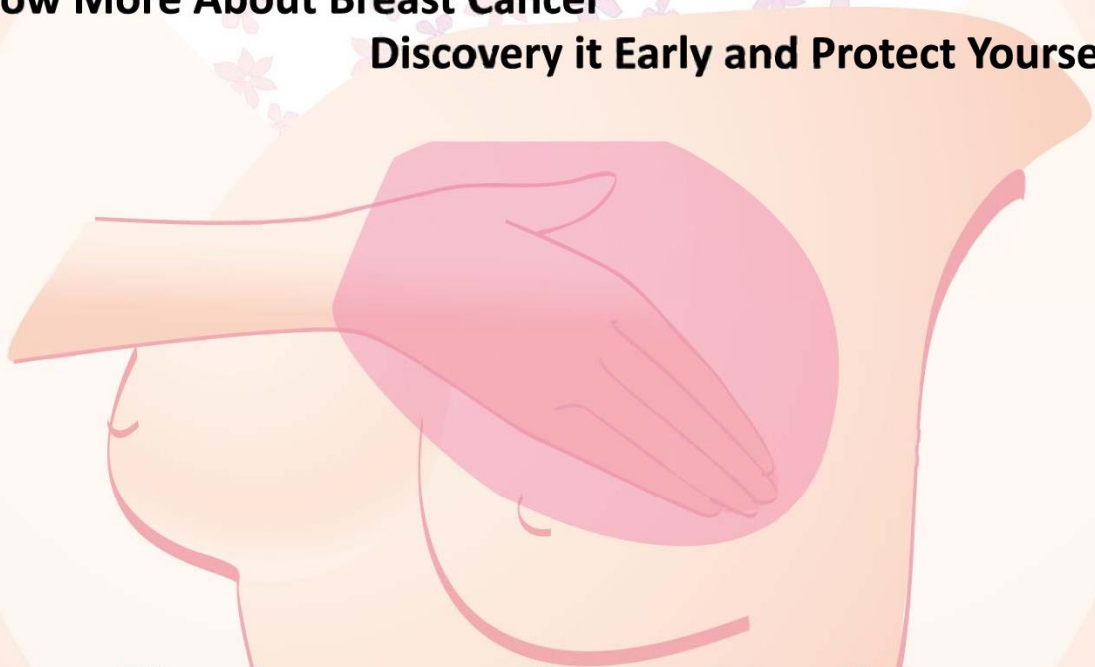

Breast Care Glove

Take 10 minutes a month to your breast and save your life

Breast Care Glove®

Know More About Breast Cancer

Discovery it Early and Protect Yourself!

**If you're a woman in your 20s or later,
It's time to get in touch
with your breasts.**

The Effect of the Breast Care Gloves

When wearing the Breast Care Gloves, the fingertips became extra-sensitive. This will allow the wearer to feel any irregularities in their breasts.

Try it and see!

Can you feel a strand of hair on a desk with your bare fingertips?
Now try it while wearing the Breast Care Glove. How does that feel?
With the smooth, sliding feel of Breast Care Glove,
the fingertips become incredibly sensitive!
